

TRICOFlex®

FLEX ABILITY

Now with **SYNC** Easy Connection Technology

The TRICO Flex range of wipers blades just got even better – now featuring even sleeker styling, increased vehicle coverage, and SYNC Easy Connection Technology allowing you to fit a connector in **as little as 1 second.**

Still with just 14 references delivering 95% vehicle coverage, and only 5 connectors covering all 9 major wiper arm types, **TRICO Flex is your perfect wiper blade solution for all workshops, factors and retail environments.**

Advanced Beam Blade Technology For Everyone

TRICO Flex® wiper blades offer advanced protection and a universal fit with a price that allows all drivers to experience the latest beam blade technology. Manufactured using our latest technology O.E. design blade structure, the one-piece wiper design resists clogging from snow, ice and road debris, providing excellent visibility in all types of weather.

TRICO Flex® has been tested to perform over 1.5 million cycles, so you know your customers will experience outstanding performance for the life of the wiper.

TRICO Flex wiper blades feature:

- Innovative low-profile stylish design providing uniform wipe
- SYNC™ Easy Connection Technology offering quick and easy wiper replacement
- Memory Curve Steel™ beam distributing uniform pressure for a clean, clear wipe
- Exclusive dual-point coupler to prevent streaking
- 95% vehicle coverage covering all 9 major wiper arm types with just 5 connectors
- Availability in lengths from 350mm/14" to 800mm/32"

Memory Curve Steel™ beam provides uniform pressure for the clearest wipe

SYNC™ Easy Connection Technology

Exclusive dual-point coupler helps eliminate streaking

Precision cut wiping edge is tested to perform over 1.5 million cycles
