

MARINE RANGE

THE RIGHT HORN WHEN SEA CONDITIONS GET TOUGH

- Voltages from 12V to 24V
- Decibel from 112dB to 128dB
- Designed for external use
- Working temperatures from -30° to +80°

This horns are made to endure the toughest conditions for sea applications. They are available in all types as pneumatic, electromagnetic and electro pneumatic, in order to suit every possible application. Powerful, compact and durable, what else can you ask for?

Type	Model	P/N	Voltage	dB	Frequency	Let's hear it!
Electromagnetic	Vega 15	920333	12V	117	370	
	Vega 18	920334	12V	117	310	
	Vega Dual	920993	24V	120	320 – 370	
	Marine Horn	932215Z	12V	112	405	
Pneumatic	TA/NR	920310	-	120	380	
	TA/NS	920311	-	120	320	
	TA Dual	920336	-	123	320 - 380	
	TA MP	920374	-	128	380	
Electro pneumatic	M4/NR	921993	12V	114	380	
	M4/NR	921994	24V	114	380	
	M4/NS	921995	12V	114	320	
	M4/NS	921996	24V	114	320
